

Global Evidence Summit 2024!

Welcome to the April edition of the Global Evidence Summit newsletter!

Planning for the 2024 global Evidence Summit continues to gather pace, and in only five months we will all meet in Prague!

We recently spoke to the Deputy Prime Minister and Minister of Health of the Czech Republic, Vlastimil Válek, who commented:

"In our quest to advance healthcare, the importance of international collaboration cannot be overstated."

The Global Evidence Summit in Prague, under the auspices of the Czech Ministry of Health, serves as a testament to our nation's dedication to fostering global partnerships in the medical field. As we welcome experts from multiple disciplines around the world to our historic city, we are reminded of the collective power we hold to shape the future through evidence-based practice and innovation."

Registration Updates

"Early Bird" registration for the summit remains open, with many of you already taking full advantage of the discounted rate and saving €165 on the standard registration fee!

We also have a fantastic [social & activities programme](#) available, packed with something to suit everyone!

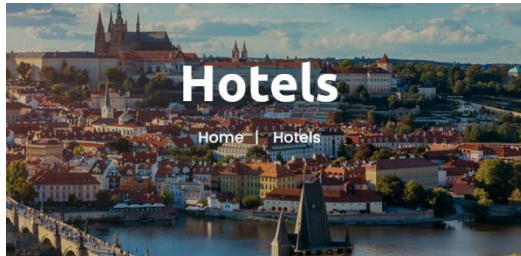

We also have a limited number of scholarships available to help cover registration, travel, accommodation, and/or other expenses associated with attending the summit.

Check your eligibility and find out more [here](#).

Accommodation

We have secured a limited number of hotel rooms at discounted rates for all our GES 2024 participants. To book a room at this rate please visit the [summit website](#) to view the options and rates. Rooms are available from 9 - 13 September 2024, however, if you need to extend your stay out with these dates, please contact ges2024.contact@aimgroup.eu

Meet the Sci-Com!

We are extremely grateful for all the hard work and commitment that our 2024 Scientific Committee are providing to this year's event. Their collective knowledge, experience and diligence will ensure that we have the best possible program to explore our themes:

- ❖ Sustainable development agenda
- ❖ The importance of research integrity making evidence accessible
- ❖ Power of synergy in evidence synthesis & synthesis products
- ❖ Evidence translation & implementation
- ❖ Advocating for greater evidence communication & use of evidence
- ❖ Global evidence to local impact

Find out more about them [here!](#)

Calling all potential Ambassadors & Exhibitors

If your organisation would like to be a part of the Global Evidence Summit 2024, please email ambassadors@globalevidencesummit.org

Organisations and industries who choose to become an ambassador or exhibit at the summit have the advantage of showcasing their products and services to an international audience. If you represent or head any of the following types of organisations, then we would welcome your enquiries:

- ❖ government or not-for-profit agency
- ❖ health research organization
- ❖ health sciences university
- ❖ teaching institution related to health care
- ❖ medical, nursing or allied health college or society
- ❖ IT or software company
- ❖ publishing house
- ❖ health insurance agency
